out of the shower

## **CD RELEASE PARTY** June 8th, 2012

Enjoy the classic jazz standards to the sultry sound of Valerie Sweet. Valerie, a Toronto-based jazz vocalist, will be celebrating the release of her much anticipated CD “Out of the Shower”. The performance, along with a number of Toronto’s best jazz musicians, will be held at the Boiler House in the Distillery and promises to be one of the year’s most exciting shows.

**out of the shower** consists of eleven memorable classics, many of which are a collection reminiscent of Sweet’s own personal journey to the love of her life. The CD was co-produced with her very good friend and multi-talented jazz guitarist and vocalist, George Grossman and another well-known Canadian musician, Anthony Panacci. All selections were recorded and mixed at his studio, Traxx Ahead. The CD can also be purchased at this and all her other live shows.
